About the Stavigs

Myers Container (“**Myers**”) and Container Management Services (“**CMS**”) were acquired in 2007 by the Stavigs, the fourth generation of the family-owned business dating back to 1917. General Steel Drum of Charlotte, North Carolina (2011) and North Coast Container LLC of Cleveland, Ohio (2018) was acquired by the Stavigs and each continues to operate independently under its own name and entity. The Stavig family’s formula for success is building a collection of brands by acquiring successful companies, enabling their current management teams to maintain their operating independence and thrive. Myers and CMS are headquartered in Portland, Oregon and together create a True LifeCycle™ company that can recondition or recycle the products it produces.
